

**Highland Community College Suggested Program of Study
Pre-Dentistry (Associate in Science)**

The Pre-Dentistry program is designed for individuals who wish to pursue a Dentistry program at a college or university. Completing this program should qualify the individual for most college/university requirements. If the transfer institution is known, this program may be varied to fit that college/university program.

BS 203	Microbiology	5
PS 111	College Chemistry I	5
PS 112	College Chemistry II	5
<u>Electives</u>		
BS 104	Human Anatomy	4
BS 105	Human Physiology	4
PS 203	General Physics I	5
PS 204	General Physics II	5

Potential Employment Applications of Degree

Dentists diagnose and treat diseases, injuries, and malformations of teeth and gums. Most dentists are engaged in general practice. Others specialize in such areas as orthodontics, periodontics, pedodontics, or oral surgery.
